About us

Petram Resort & Residences extends over nine hectares right next to the sea, and has a unique DNA - progressive and innovative with an emphasis on individualism, service excellence and respect for guests' privacy. Petram owns an aparthotel with 179 premium apartments and 55 luxury villas, with private garages and additional studio rooms. While the entire resort exudes a wow effect, the most spectacular sight is on the roof of the aparthotel, where one can see the longest rooftop infinity pool in Europe and the Rooftop restaurant, whose terrace offers a view of the Gulf of Piran and the snowy peaks of the Dolomite Alps. Corporate clients are provided with a congress hall and additional facilities such as golf and tennis courts, which are the perfect choice for events, meetings, team building or incentives. The rich offer of facilities, as well as the resort itself, will be the carriers of the development of this destination. Petram Resort & Residences is truly another level experience.
