## About us

The beautiful Zepter Hotel, very modern in design, is located in the centre of Kozarska Dubica right on the bank of the river Una.

Its visual beauty enhances the appearance of the town. In terms of amenities and services, it is superb and has rightly been awarded four stars. The hotel's location adds to its exclusive character. It is set on the bank of the river Una and you feel that it is floating on the river or is diving into the emerald green waters of this picturesque river that is never still.

The greater part of the white eternit facade, the almost surrealist white areas broken up by segments of yellow, red and grey revealing the clear influence of Mondrian, have become the hotel's signature and these segments continue throughout the interior of the hotel in various details in these colors, but in different shapes.

The numerous open terraces and balconies bring the hotel even closer to the river, which allows guests to enjoy the lush greenness of the untouched natural

surroundings.
