About us

Congress center Grand terrace offers a possibility for the organization of different types of business and other events in accordance with clients needs. Congress center includes three facilities: Grand terrace, Eco Centre and the Summer Stage.

The Grand terrace is built in the Art Nouveau style in 1912 and it represents the most important object in Palic. After one century, Grand terrace becomes the most important congress center in the region.

It has three congress halls with a maximum capacity of 360 seats, intended for congresses, conferences, meetings and various exhibitions, events and performances.

Eco Center is located on the shore of Lake Palic and it has an amphitheater of 120 seats and it is technically equipped.

Summer stage is located in the Great Park and is open-air stage. The building is very specific because is made of stone, which is unusual for lowland region. It is ideal for organizing summer performances, concerts and similar events. It has 800 seats and area for receptions.

Conference capacities

Congress center Grand terrace consists of Grand terrace, Eco Centre and the Summer Stage.

The Grand terrace has 3 halls for conferences and seminars and 2 open terraces suitable for organizing receptions and other events. The capacity of Grand hall is 360 seats. Two others smaller halls are for seminars and lectures.

Eko centar has amphitheatre with 120 seats and Summer stage is open air venue with 800 seats.
