About us

Plaza Bar Event Space

Plaza bar is located on the 7th floor of the VIG Plaza building - one of the most modern "smart" buildings in Belgrade.

Completely renovated to the highest international standards, the event hall provides ideal conditions for your private celebration, regardless of the weather.

The walls of the hall are made of glass and provide plenty of natural light with a view of Ušće, Kalemegdan, Belgrade Waterfront and Gardoš.

Due to the sale of the position, a special impression on the guests is left by the sunset as well as the view of the city during the evening hours.

Conference capacities

Plaza Bar Conference Room

The conference hall (140m²) is located on the 7th floor of the VIG Plaza building - one

of the most modern smart buildings in Belgrade.

Modern and spacious, the hall is ideal for your business events. Equipped with the latest technology and comfortable seating (120 chairs), the hall provides the perfect environment for conferences, seminars, workshops, sales presentations or meetings. The air-conditioned space provides an ideal temperature regardless of the weather conditions. Large windows allow for plenty of natural light, creating an inspiring environment for productive work. If light is not necessary, the hall is equipped with the most modern mechanism, so by clicking one button you can open the blinds and significantly reduce daylight.

In addition to technical equipment for presentations (2 projectors, audio system), we also ensure top-notch service in order to provide your guests with the best experience. If necessary, the hall can be partitioned with movable walls and divided into smaller halls. Next to the conference hall, on the same floor, there is a Plaza bar where your guests can relax, take a break during the event break, enjoy top-quality coffee and refreshing drinks with a view of Ušće, Kalemegdan, Belgrade Waterfront and Gardoš.
